#### Would Not Suffer No Again for Fifty Years.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life.

When I came down to work this morning I felt so bad I could hardly work. I went to Dr. & Son's drug store and they recommended Chamomile, Colic, Camomile and Dianthus Remedy. It worked like magic and one dose fixed me all right. It certainly is a good drug store.

Samuel, I am a great believer in this remedy. I shall not be without it in my house.

It cures the sufferings of last night again for fifty times price. — WILSON, Livercure, Burgettstown, Washington Co., Pa. This remedy is for sale by J. Jas. Wood & Son, Druggists.

### UNCLE SAM AND GREATER AMERICA

Our Democratic friends are just now chucking out great hunks of Harmony.

MR. AGUILARO continues the champion sprinter of the Philippines, and yet General Oris is denied enough troops to corral the wily foot-racer.

CAPTAIN DREYFUS is still being vindicated. A few days ago two duels were fought at Paris as the outcome of the quarrel over his unjust sentence.

The Bureau of Statistics has issued a statement of the imports and exports of the United States which shows that during the last eleven months the exports of merchandise exceeded the imports by \$76,452,131.

A WRITER in The London Lancet demands that sausages are made nowadays which do not contain meat at all, but only bread tinged with red oxide of iron mixed with fat. This, at least, removes all doubts as to your weiners containing curd of bark.

Mrs. JOHN R. PROCTER, President of the Snivel Service Commission, has made up a crew of ten snivels appointed to places in the public service without undergoing the examination that he prescribes for others. Perhaps the American people will some day wake up to the enormity of the Snivel Service fraud.

In turning down a petition for the pardon of THOMAS NAGLE of Jefferson county, convicted of manslaughter and sentenced to eighteen years' imprisonment, Governor BRADLEY took occasion to rebuke the examination that he prescribes for others. Perhaps the American people will some day wake up to the price of the Snivel Service fraud.

"The Jurys say that punishment was excessive. Either they do not believe what they state to be true, or they violated their duty in inflicting it."

The Governor can be depended upon to hit the nail on the head every time.

The late ROSWELL P. FLOWER was an advance agent of prosperity and an expansionist like McKinley, and it was worth a long journey to hear him talk about the glory of his cause.

*Flower Was an Optimist.* Try to believe that man went into his office one morning and began to croak about everything, particularly about Trusts and Imperialism. Mr. Flower listened awhile good naturedly; then he turned over to him and said:

"Stop making faces and stop growling. Prosperity is here, and you can't put a limit on it, and these fellows that are worrying about Expansion and Imperialism have got the dyspepsia. McKinley's all right. I know him. He is as equal a man as ever lived. He's got a hard job, but he's doing the best he can. When about a dozen of these vulgar rogues raised a clamor about this dangerous raid, it doesn't take a fool to know that a lot of them fools to keep rattling at the man at the wheel. The Lord is running this country, and He runs things right. McKinley, and Dewey and Orris and that fellow AGUILARO are His instruments, and they are simply doing what He tells them to do. That's the kind of a statesman I am. I believe in the Lord, and I believe he's stuck on this country. We haven't had a thing happen here yet, but what He ordered it for our good, and, while I can't quite figure His reasons for letting that fellow Aguilaro escape h—l in the Philippines, you keep your eye open and you'll see em some day."

"People wonder why our liberties had to be bought with blood. I'll tell you why. The more a thing costs you the more you value it; the more it's worth; and while GEORGE WASHINGTON and the continental army were freezing to death at Valley Forge God Almighty was teaching them that lesson. Look at France. They don't value civil liberty over there, because they didn't have to work for it. Those Frenchmen had to sweat and starve and freeze like our revolutionary fathers; they would estimate their losses a good deal higher than they do now."

"The Lord was on our side during the war, and He led us into it, and He isn't going to desert us now that the fighting is over. I believe in God Almighty, not because it is written in the prayer book and the Bible, but because I see His hand every day of my life. I believe in this country, and I believe that this country can take care of anything it gets in any war. I believe in Germany, and men can make prosperity where there is a mind to it if they'll all join together. It is just such blessed food as you," he exclaimed, pointing to his visitor, "that makes paupers. It is every man's duty to be good natured and hopeful, and encourage others to be so too."

Funds for the Dewey Home. WASHINGTON, June 20.—The subscription list Monday by the national committee of the Dewey home fund amounted to \$855, making the total to date \$9,190.

### KENTUCKY FLASHES.

MRS. TOM BAKER.

She Will Take Her Children and Settle in the Indian Territory—A Peaceful Outpost in Clay County.

Louisville, Ky., June 20.—R. R. Lucas of Manchester, who is here as a delegate to the democratic convention, says the Baker-Howard feud is at an end. He says that Mrs. Tom Baker has decided to go to her father, who is a prominent farmer in Indian territory. She will take her children with her.

Dr. Lucas declares that the men who have been corralled and armed in the mountains have laid down their weapons and returned to their homes and to their work. A better and truer feeling prevails throughout the terror-stricken section. Everybody is now appears to be satisfied to let the law take its course, and the members of the factions are disposed to have peace.

Leading citizens, who have taken no part in the feud, are now endeavoring to get the Whites, Howards, Bakers, Philpots and others involved in the fighting to agree that they will do all in their power to prevent further outbreaks. The Baker family is kindly to this idea and when each faction is assured that no one of its side will receive harm at the hands of the enemy, it is thought peace will be permanently restored.

The Memorial Tablet Arrives. NEWPORT, Ky., June 20.—The bronze memorial tablet to be placed on the Ft. Thomas water tower July 1 in memory of the 6th infantry arrived in Newport Monday. Jackson, who stated that he would have the tablet hauled out to the fort Tuesday morning. The work of refitting the tablet into its position will then be commenced.

Ridden in Missouri. ELIZABETHTOWN, Ky., June 20.—David Neighbors aged 17, son of Andrew Neighbors, was killed by a train on the Louisville, Kansas & Texas Railroad at Elizabethtown. The remains will be shipped here at once. This makes the second youth killed in the Neighbors family within the last few months by a car.

Ridden in Missouri. TOLEDO, O., June 20.—Frank Hickey, aged 41, chief engineer of the pleasure boat "Lily" was killed Saturday morning. While in the act of stepping from the boat to the dock, he slipped and fell into the water and was drowned. Deceased was formerly a resident of Covington, Ky., and an old Ohio river steamboatman.

## ANOTHER BATTLE.

Wheaton's Advance Party Was Repulsed While Scouting Near Peres Las Marinas.

### FIVE WERE KILLED AND 25 WOUNDED.

The Engagement Lasted Five Hours and the Loss of the Filipinos Was Very Heavy.

The Second Battalion, Two Mountain Guns and One Field Piece were Fired—Later the Third Battalion Also Moved to Front.

MALIBU, June 20.—A battle of the 4th infantry, which left Ima, where Gen. Wheaton is in command, Monday morning, to reconnoiter towards Peres Las Marinas, where it was supposed most of the rebels who escaped from Paranaque and Bacoor had fled, was fought in the rear by friendly natives. This brought on a sharp engagement, lasting several hours, resulting in five Americans being killed and about 25 wounded. The loss of the rebels was very heavy.

The battalion soon exhausted its ammunition and at 2:30 Monday afternoon Gen. Wheaton and his staff with the 3d battalion, two mountain guns and one field piece went to reinforce the troops attacked. Gen. Wheaton was fired on in a road, and had a narrow escape.

Later the 3d battalion was ordered to the front and formed on the Las Minas road. Heavy fire on both sides followed, the artillery being freely used. The enemy was located in the woods at 4 o'clock, showing signs of retreating, as the rebels were being pressed pretty hard. One gun of the 3d battery opened an advanced fire, which had good execution. The fight was still in progress at 5 o'clock, at which time the Americans had secured a quantity of Filipino arms, which had been abandoned in the woods.

The scene of the fight is over 20 miles from Manila.

### THE SIXTH REGIMENT.

It Arrives at Manila—Col. Kellogg, of the 6th Infantry, became ill on the Way to Honolulu.

WASHINGTON, June 20.—The arrival of the Sherman means that Gen. Otis will receive substantial reinforcements. The Sherman left San Francisco May 22, and carried the 6th infantry and a number of recruits, numbering in all 41 officers and 1,500 enlisted men, under command of Col. George H. Otis. Col. Kellogg, of the 5th infantry, was taken ill on the trip from San Francisco to Honolulu and was invalided home from the last named port. The transport Grant left San Francisco on the 30th with the 16th infantry, and is expected to arrive at Manila early next week.

Some confusion results from the coupling of Iloilo with Negros. There is a battalion of the 1st California or Negros, under the command of the officer at Iloilo, which is the head quarters of that part of the Philippines.

### THE PRESSMEN'S UNION.

It Will Make the Eight-Hour Day Effective Next November—The Eleventh Annual Convention.

INDIANAPOLIS, Ind., June 20.—The 11th annual meeting of the International Union of Pressmen and Assistants began here Monday with the welcoming address by Gov. Mount and Mayor Targett. J. H. Bowens, president of the Indianapolis. He said the eight-hour day will put into effect next November.

During Monday afternoon there was a reception to Eugene V. Debs, and in his short talk he said that "workers everywhere are brushing from their knees the dust of servitude. The hope of the world," said he, "is organized labor, and the time is coming when men who work will lead the way."

Sixty-five delegates responded to the opening session, which are being entertained by the local unions.

### Unseasonable Hot Weather.

LINCOLN, Neb., June 20.—Unseasonable heat has prevailed nearly all over Nebraska and northern Kansas for two days. Yesterday, for Lincoln, the government station reported 80°. Many smaller towns report the mercury at 100 and over. Culverton county reported 103. Hot winds are reported in south central Nebraska, but the district affected is not large.

### Eiba's Annual Convention.

ST. LOUIS, June 20.—This city is taking on a purple aspect in honor of the 31st annual convention and re-union of the Benevolent and Protective Order of Elks which begins here Tuesday. That color, with the red, white and blue of the national flag is to be seen everywhere in the decorations on business buildings and residences.

### Miners Buried by a Cave-in.

CHIHUAHUA, Mex., June 20.—Santo Domingo mine caved in last Friday burying 36 miners, none of whom have been rescued. Another cave-in occurred Saturday, which will make relief impossible.

## HELD UP BY A MOB.

Another Serious Riot in the Street Railway Strike Broke Out Monday Afternoon.

### THE WOMEN ASSISTED THE STRIKERS.

They Threw Bricks at a Car and Handled Them to the Men Who Were in Front.

The Motorman Was Struck on the Head and Rendered Unconscious—He Was Taken to the Hospital—Police Dispersed the Mob.

CLEVELAND, O., June 20.—Up to 4 o'clock Monday afternoon this promised to be the most uneventful day in the big street railway strike. At that hour another serious riot broke out in an entirely new quarter and one non-union man was sent to the hospital in consequence.

The company began Monday the operation of two new lines—those on Seville and Central avenues. The cars were protected by policemen, and the strikers were held off by force. Just before 4 o'clock two of the Seville cars approached the crossing of the Pennsylvania railroad. There they were met by a mob of more than 2,000 men and women. One of the cars was taken across the railroad safely but the other was held up by the mob. A perfect shower of paving bricks and stones fell about the car and crashed against the vestibule at the front end, behind which the motorman was encased. Three—bricks and stones—and handed them to the men who were in the front of the crowd. The windows of the car had been lowered and the bricks crashed against the seats and fell upon the floor of the car. The conductor escaped injury, but the motorman, A. J. Graw, of St. Louis, was struck on the head with a brick and rendered unconscious. He was taken to a hospital. The patrolman on the car was also hit by a brick, but was not seriously hurt. A constable called for the police, but when a detachment of officers arrived the mob had dispersed and no arrests were made.

The scene of the fight is over 20 miles from Manila.

## BLANCO'S PALACE

The Removal of Gen. Broke's Headquarters From El Vedado Going Forward.

### CUBANS ARE PREPARING A NEW LIST.

Preparation of the List Will Be Pushed Forward With All Speed by Gen. Rodriguez

Observations Show a Constant Outward Flow, with Only a Sub-Current of Incoming Fresh Water in the Harbor at Havana.

HAVANA, June 20.—Gen. Broke's headquarters is already on the move from El Vedado to the palace, formerly occupied by Marshal Blanco, in Havana province. The removal will be completed, it is expected, before the close of the first week in July. It means a loss to El Vedado of many who now reside there, as they will move also to near headquarters. City residents are gratified because of the inconvenient train service between Havana and El Vedado, and also because, at this season, the harbor is apt to be caught by the heavy rains.

The company began Monday the operation of two new lines—those on Seville and Central avenues. The cars were protected by policemen, and the strikers were held off by force. Just before 4 o'clock two of the Seville cars approached the crossing of the Pennsylvania railroad. There they were met by a mob of more than 2,000 men and women. A constable called for the police, but when a detachment of officers arrived the mob had dispersed and no arrests were made.

The scene of the fight is over 20 miles from Manila.
